

rocare³⁶⁰

Procure³⁶⁰ improves efficiency and facilitates collaboration in the federal procurement process. Enabling program managers, contracting professionals, and all stakeholders to improve communication, eliminate the delays often associated with sharing incomplete or inaccurate information, and increase visibility throughout the process.

Built on a Microsoft platform, Procure³⁶⁰ provides federal contracting professionals with the tools needed to effectively support the acquisition process from pre-solicitation through the award phase. In addition, users appreciate the familiar and intuitive Microsoft user interface, thus minimizing the cost and need for days of training.

Procure³⁶⁰ maintains a complete historical package of each records related artifacts through integrated document control via SharePoint and Outlook Activities (email, tasks, appointments) management ensuring that all information is available when needed for easy access and viewing.

Procurement³⁶⁰ provides contracting professionals with contractor team and contractor team member performance management tools that supports NAICS code-based visibility into past performance across the organization. Procure³⁶⁰ also provides submission assessment tools that allow for the development of tailored evaluation strategies provide complete visibility into evaluation results.

About Procurement³⁶⁰®

Procurement³⁶⁰ is made up of four modules: Plan³⁶⁰, Procure³⁶⁰, Manage³⁶⁰, and Closeout³⁶⁰. It represents the next generation of information gathering and knowledge management solutions. Procurement³⁶⁰ is built upon the integrated Microsoft® Dynamics XRM / SharePoint and Outlook platform -- and designed specifically by a team of government acquisition experts -- to meet the needs of government acquisition organizations.
